Why the DLS LOGS BPA?

This multiple award BPA, for which LMI is a prime contractor, provides a full spectrum of logistical support (as defined under NAICS code 541616) to ASD L&MR, as well as other DoD components with logistical needs.

- Logistics
- Maintenance
- Materiel readiness
- Strategic mobility
- Sustainment support
- Planning, programming, and budgeting

A trusted partner

Our team brings unparalleled expertise in defense acquisition and logistics. We bring a comprehensive mission focus, unmatched logistics subject matter expertise, dedication to objective and practical results, and the immediate capability to exceed day-to-day and emergent requirements set forth by DoD.

We offer independent, objective analysis free of commercial bias. We have a long history of working with the Office of the Secretary of Defense, including active support to all offices within ASD L&MR. We understand and share your mission, needs, and culture. Our high quality services will meet your business requirements and help to achieve DoD's logistics-centered goals.

Team strengths

- **Agility**—align quickly and seamlessly with ASD L&MR mission needs.
- **Lower risk**—a history of quality support and a thorough understanding of ASD L&MR.
- **Strategic relationships**—long-standing and valued relationships with various defense stakeholders.
- **Mission focus**—a shared mission of improving DoD logistics.

- Comprehensive knowledge and experience with the following:
 - ASD L&MR mission, requirements, and inter-agency operations
 - Analytics, modeling, and simulation
 - Logistics and materiel readiness
 - Life cycle management
 - Managing large teams on large, similarly-scoped BPAs/IDIQs
 - DoD strategies, policies, and components
 - Innovative and forward-looking technology solutions.

The LMI team

Our team has vast DoD, other government agency, and private-sector leader experience to ensure all BPA users receive innovative solutions.
