## Why ATSS?

This multiple award IDIQ provides technical support to the Under Secretary of Defense (USD) for Acquisition, Technology, and Logistics (AT&L) and other associated DoD mission requirements. Major management services offerings include:

- Acquisition oversight
- Engineering
- Capability portfolio management
- Analytic and technical support

The IDIQ offers technology and systems engineering support, as well as assistance with Congressional and international affairs.

## A trusted partner

Our team brings expertise in program management and major DoD systems acquisition. We have deep experience working with DoD logistics and OSD organizations, especially AT&L.

We offer independent, objective analysis free of commercial bias. We understand your mission, needs, and culture, and we bring quality services that meet your small business requirements.

## Team strengths

- **Agility.** We align quickly and seamlessly with OSD mission needs.
- Enhanced mission effectiveness. We effectively apply policy to acquisitions.
- **Lower risk.** We have a history of quality support and a thorough understanding of USD (AT&L) policies.
- **Strategic relationships.** We have an extensive network of commercial and academic partners.
- **Clearances.** We hold 4,500 secret level and 2,000+ top secret level clearances.
- **Competitive pricing.** We offer a best value approach to provide you the most effective results for your limited budget.
- **Comprehensive knowledge.** We have knowledge of:
  - OSD, joint staff, and combatant commands;
  - DoD 5000 and all major acquisition regulations;
  - Major weapon system acquisition, lifecycle cost analysis, and data analytics.
