all contract types

**POOL 1:** Engineering and  
Consulting Services

**Contract Number:**  
GS00Q14OADU141

**POOL 3:** Engineering for  
Aerospace and Military Systems

**Contract Number:**  
GS00Q14OADU340

**POOL 6:** Research and  
Development in Aircraft

**Contract Number:**  
GS00Q14OADU718

## OASIS Overview

Services provided under OASIS meet the professional service mission requirements of all federal agencies, including all organizations with the DoD and national security communities. The scope of OASIS spans many areas of expertise and includes any and all components required to formulate a total solution to a professional services-based requirement. The six core functional disciplines of OASIS are:

- program management,
- management consulting,
- scientific,
- engineering,
- logistics, and
- financial.

## OASIS Benefits

- Available to all federal agencies worldwide and provides support for commercial and non-commercial requirements, allowing for the use of various contract types to best meet customer requirements.
- Provides a streamlined, proven acquisition process.
- No program ceiling value, and the period of performance is a five-year base with one five-year option, providing long-term planning for complex program requirements.
- Innovative-tiered access fee, ranging from 0.10–0.75 percent.

## A Trusted Partner

Established by and for the government in 1961, LMI is a full-service, not-for-profit consultancy and trusted partner, free of commercial and political bias. We help create the right solutions:

- **Advanced Analytics.** Repeatable, scalable services that derive meaningful insights from vast, complex datasets, facilitating understanding and actionable outcomes to improve mission effectiveness.
- **Digital Services.** Modernized applications and infrastructure that increase efficiencies, better secure information, reduce costs, and increase the scalability of government services from IT strategic and advisory services to implementation and build-out of technology solutions.
- **Management Advisory Services.** Enhanced management of government organizations, programs, and missions via strategic and operational analysis, evidence-driven improvement, and governed planning and implementation.
- **Logistics.** Robust, end-to-end logistics support, including supply, sustainment, transportation, maintenance, and engineering.

## Meaningful Results

Below are meaningful examples of our work and client support:

- **Ensuring Military Readiness.** Supporting the Marine Air Ground Task Force and Air Force Special Operations with the V-22 Osprey, LMI uses cutting-edge analytical tools to calculate full-spectrum fleet readiness.
- **Supporting Grants Management.** Managing the full spectrum of application review and awards for the CMS, LMI developed requirements, custom tools, reporting, and user and reviewer training.
- **Innovating Workforce Transformation.** From the Department of State to the U.S. Army, LMI's powerful analytic tool, OrgIQ, provides managers with deep insights into organizational overlap, redundancy, attrition risk, and more.
- **Transforming Financial Management and Logistics.** Implementing enterprise resource planning (ERP), LMI enables the Army to examine the true cost of any piece of materiel and meet system standards (Program Executive Office, Enterprise Information Systems, PEO EIS).
- **Implementing Defense Materiel Standards.** We apply defense materiel best practices and ERP tools for Sweden's Defence Materiel Administration, including a service-oriented architecture, IT acquisition, system requirements definition, and legacy system transition.
- **Improving Global Health Supply Chains.** We improve healthcare supply chain operations through cost analysis, financial management, and capacity building, working with USAID, GAVI, World Bank, and the Bill & Melinda Gates Foundation in Kenya, Uganda, Angola, Bangladesh, and Pakistan.
- **Modernizing Financial Systems.** Supporting 200 Army financial centers around the world, LMI has deep Department of Defense expertise in financial management systems, acquisition, and federal requirements, including providing project cost and schedule management and program management support.

## LMI Strengths

To every project, we bring:

- **Insight.** Our innovative problem solving affords valuable insights into possible solutions.
- **Objectivity.** Our independence ensures we operate in an unbiased manner.
- **Practical Results.** Our solutions are outcome driven and results oriented.
- **Shared Purpose.** Our spirit of public service and deep knowledge of government operations enhance our recommendations.
- **Significant Value.** Our net revenue supports our mission—not shareholders—delivering more value for the dollar.
